RECKLESS DRIVING

Some of the drivers of delivery wagons in Ocala should be arrested and severely handled for reckless driving. If something is not done in this respect, a little child will be run over and killed or seriously crippled, sooner or later. Young, careless boys, and even men of mature years, dash up and down the streets and around corners with an utter disregard for the life or limb of the public, and children crossing or playing in the streets are in imminent danger of being killed. Merchants should caution their drivers and a few arrests should be made. The lesson would be a good one, and will save trouble.

KEEP YOUR HEAD UNCOVERED

The Constant Wearing of a Hat Propagates Dandruff Germs

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpelide kills these germs and stimulates a healthy hair to abundant growth. Herpelide is a pleasant hair dressing, as well as a dandruff cure and contains not an atom of injurious substance.

Sold by leading druggists. Send 10 cents in stamps for sample to the Herpelide Co., Detroit, Mich. Trydins & Co., special agents, Ocala, Fla.

SHOT AT JULIETTE

Mr. Ayers Dean, a middle aged white man, and one of the most prominent citizens of the Juliette section, was recently wounded by a negro about 9 o'clock this morning. He undertook to arrest the negro for some breach of the peace, when the negro shot him three times. Officers are out after the negro and it is expected that he will soon be arrested. Mr. Dean has a son on the Ocala police force.

AN EXPLANATION

Regarding the cutting of the negro in Carmichael's uptown bar yesterday, it seems that the report of the affair was much exaggerated. Ed Smith was the victim and Charlie Powell was the assailant. Powell slashed at and cut Smith's coat on the shoulder but not the flesh, and the knife on the down stroke cut his hand, but not seriously. The affair must not have created much excitement, as none of the employees about the place were aware of the occurrence.
